

Engaging with Industry During my PhD

Charlotte Lenton

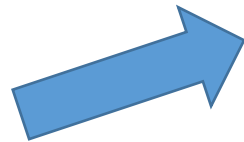

About my PhD

Exploring late adopters of digital technology
in the rail sector: Enhancing accessibility in
the digital and built travel environments.

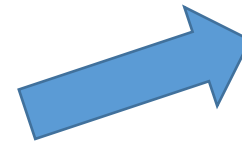

The Journey So Far

Make Rail
Accessible for All
Users

Technology to
Improve Rail
Accessibility

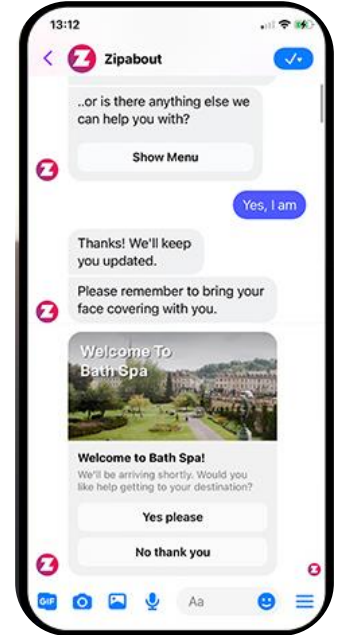

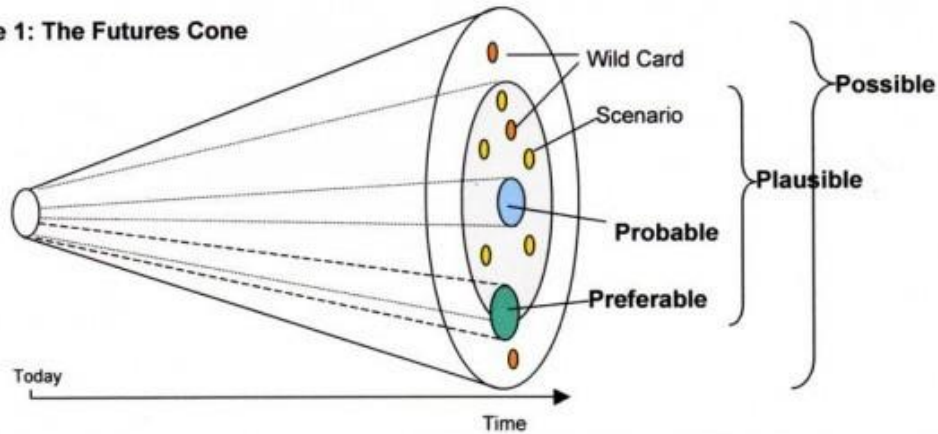

Improving the
Accessibility of Rail
for Late Adopters of
Technology

Industry Placement

Figure 1: The Futures Cone

Rail Technical Strategy
Innovating across Britain's railway

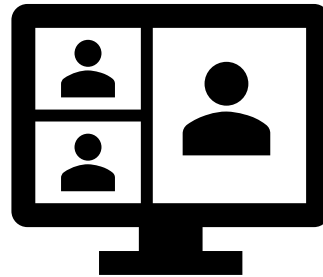

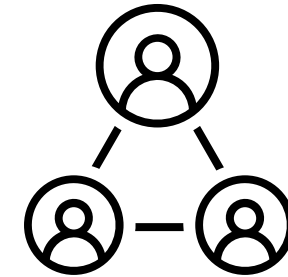

Working with RSSB
